VINCKE QUICK COUPLING

## Product Description

## VHP Series:

1. Body Size: 1/4", 3/8"
2. Valve: Ball valve
3. Body materials: Zinc-plated carbon steel body.
4. Seals materials: Standard Nitrile (Buna-N)
5. Working temperature: $-20 \circ \mathrm{C}+100 \circ \mathrm{C}$. Others on request
6. Back-up Ring: Teflon

Interchange Standard Parker 3000 series, Faster PVVM, Stucchi IVHP.

## Features

1. Ball valves are mated with a solid metal perch that maintains valve alignement and prevents flow checking.
2. The screw system allows connection and disconnection under pressure.

## Applications

VHP couplings with their threaded locking system and precision ball-type check valves are designed for extremely high pressure applications.
